

HAUNTING TERROR

What a nice day
Nothing to say
Waiting your //slackening
to open //the Pandora's box
A marvelous world
A frantic nightmare
Growing in shadows
ready to blow

Always on your back
Crawling like a snake
(that) will soon // raise
your burried // memories
Oh yeah it's me
Seeping into your mind
Crushing your lungs
Snatching your air

Can you feel this ?
A pannick attack
and no way to get out
Can you feel this?
A foretaste of madness
Your Brain setting ablaze

Haunting terror...
Haunting terror...

Trying to escape
you 're like a ape
a hairy body // in a twisted mind
able to jump // out of the window
Stay in the cage
and show me some rage
It seems so unreal
Can you say what is real ?!

Can you feel this ?
A pannick attack
and no way to get out
Can you feel this?
A foretaste of madness
Your Brain setting ablaze

I've got you
under my skin
A strong urge // to break the wall
maybe a way // by the highway to hell
Somewhere in time
with a piece of mind
Talking nonsense
Loosing my senses
Talking nonsense
Loosing my senses

**Can you feel this ?
A pannick attack
and no way to get out
Can you feel this?
A foretaste of madness
Your Brain setting ablaze**
