

HOT GUNS

War is now declared
Ready for the manhunt
Her assets aren't hidden
but that is her uniform

Numeric superiority
Absolutely not needed
She could handle alone
So many of us

**She needs no guns
no kill, no blood
but an evident charm**

Young meat or Veteran soldier
No fear in her eyes
Her sensor will find you soon
Take care, stay away

A real bitch for some
A great fun for the other ones
Tell me who will complain ?
Except married wives

**She needs no guns
no kill, no blood
but an evident charm**

One after one
We lost our honor
We couldn't resist
The laws of nature

**She needs no guns
no kill, no blood
but an evident charm**
